

Tech Within Reach

20th YEAR CELEBRATION

March 22, 2018

## SPONSORSHIP OPPORTUNITIES

Since its founding in 1997, Byte Back has helped thousands of adults in the DC area gain digital literacy skills, pass industry recognized certification exams, and enter living wage employment in the IT and business administration fields. To celebrate 20 years of service in the DC community (and many more to come) Byte Back is gathering organizational partners, former students, and prominent members of the DC tech community to join us for dinner and drinks in an evening of celebration. By sponsoring this event, your company will become a member of a community building skills, changing the face of the workforce, and bringing tech within reach. If you would like to sponsor this event or have questions, contact Christopher Wallace, development manager, at [cwallace@byteback.org](mailto:cwallace@byteback.org) or (202) 803-2863.
